<p>YOUR CHOICE</p>	<p>Backing Your choice of flannel fabric 5 yds</p>	<p>To make the backing piece, cut the fabric in half crosswise (selvage to selvage), remove the selvages, and then sew the 2 pieces together lengthwise (along the long edges).</p>

1. Using one 2½" x 8" rectangle of Fabric 1 and two 2½" squares of Fabric 2, make a unit exactly as shown below. Be sure all the ends are "snowballed off" in the same direction as shown. Press seams open. Repeat to make a total of 200 units.

2. Sew 40 units from step 1 together into a row as shown below. Repeat four times to make a total of 5 rows.

3. Piece together pairs of the 1" strips of Fabric 3 to make 8 long 1" strips.

4. Measure the length of each pieced row from step 2. (If your ¼" seams are perfect, these rows should measure 80½" long. That probably won't happen for many of us, so take the average length by adding the five lengths together and dividing the sum by 5).

5. Trim the Fabric 3 pieced strips from step 3 to the length you determined in step 4. Also trim the Fabric 4 strips to this length.

6. Sew the quilt together as shown, pressing seams open.

7. Layer with batting and backing, quilt as desired.

8. To make the binding, piece the 2½" strips of Fabric 3 together, end-to-end with diagonal seams pressed open. Sew to the quilt using your favorite binding method.
